

2017 Award of Merit Recipient - Kevin York BIO

To say that Kevin York is an asset to our community falls short of describing all that he does for the people of our area. Kevin has been a long-time supporter and volunteer for Community Living Huronia and CLH Foundation, and has assisted with numerous events and fundraising campaigns for both organizations.

Kevin is eager and enthusiastic to help CLH in any way that he can, and he can be counted on to use his unique way of garnering support from community members. Kevin will happily hit the streets and collect prizes for the annual golf tournament, or most recently, as the Support and Include Ambassador tasked with collecting donations to send people supported by CLH to the annual fundraising event, 'A Red Carpet Evening' as a guest. Whatever task he is given he carries it out to the completion and surpasses the goals and expectations.

Anyone that knows Kevin can attest to the fact that his spirit and his heart are bigger than most. There are many people who volunteer for CLH and CLH Foundation, but the energy and commitment that Kevin brings to each and every project are unparalleled. When preparing the nomination for the Merit Award, several staff members of CLH were approached to determine how long Kevin has been volunteering for CLH and what he has helped with, and the resounding answer was "forever" and "for everything."

Other events where Kevin has provided his support is the Simcoe County Warden's 13th Annual Golf Tournament, and the Salvation Army Kettle Bells.

Kevin fully embraces community spirit and selflessly gives every bit of himself to better our community. There is no-one more deserving of recognition for his dedication to Community Living Huronia and to our community.

It is indeed a great pleasure to present the Award of Merit to Kevin York.
