1. Authority

On January 20, 2022, the Council of Town of Midland adopted By-law Number 2022-6 authorizing the use of an alternative voting method, that being the Internet/Telephone Voting method.

The *Municipal Elections Act, 1996*, (MEA), subsection 42(3), states as follows:

Procedures and forms

- (3) *The Clerk shall,*
- (a) *establish procedures and forms for the use of,*
 - (i) *any voting and vote-counting equipment authorized by by-law, and*
 - (ii) *any alternative voting method authorized by by-law; and*
 - (b) *provide a copy of the procedures and forms to each candidate when his or her nomination is filed.*

Subsection 42(4)1. states that the Clerk shall provide the procedures and forms on or before June 1 in the year of the regular election.

Subsection 42(4)2. states that the procedures and forms established by the Clerk, if they are consistent with the principles of the *Act*, prevail over anything in the *Act* and the regulations made under it.

The Town has contracted with Intelivote Systems Inc., an eVoting service provider, to provide our Internet/Telephone Voting service for the 2026 Municipal and School Board Elections. A copy of the contract is available for review from the Clerk upon request.

Subsection 11(2) of the *Municipal Elections Act, 1996* states that the Clerk of a local municipality has responsibility for conducting elections within that municipality including:

- a) preparing for the election;
- b) preparing for and conducting a recount in the election;
- c) maintaining peace and order in connection with the election; and
- d) in a regular election, preparing and submitting the report described in subsection 12.1 (2). (*Accessibility Plan*)

With respect to the duties and authority of a municipal clerk, the *Municipal Elections Act, 1996* further states:

- 12(1) A Clerk who is responsible for conducting an election may provide for any matter or procedure that,
- (a) is not otherwise provided for in an Act or regulation; and
 - (b) in the Clerk's opinion, is necessary or desirable for conducting the election.

- 12(2) The power conferred by subsection (1) includes power to establish forms, including forms of oaths and statutory declarations, and power to require their use.
- 12(3) The power conferred by subsection (1) includes power to require a person, as a condition of doing anything or having an election official do anything under this Act, to furnish proof that is satisfactory to the election official of the person's identity or qualifications, including citizenship or residency, or of any other matter.
- 13(1) Any notice or other information that this Act requires the Clerk to give shall be given in a form and manner and at a time that the Clerk considers adequate to give reasonable notice or to convey the information, as the case may be.
- 13(2) The Clerk shall provide electors, candidates and persons who are eligible to be electors with information to enable them to exercise their rights under this Act.

Subsection 42(5) states that when a by-law authorizing the use of an alternative voting method is in effect, sections 43 (advance votes) and 44 (voting proxies) apply only if the by-law so specifies. By-law Number 2022-6 of the Town of Midland is silent on these issues, and therefore advance voting and voting proxies are not applicable. The Internet/telephone voting method does allow for early voting.

The *Municipal Elections Act, 1996*, more specifically section 53, also provides that the Clerk may declare an emergency if he or she is of the opinion that circumstances have arisen that are likely to prevent the election being conducted in accordance with this Act and provides the authority to the Clerk to make arrangements for the proper conduct of the election. Any arrangements made by the Clerk, if they are consistent with the principles of the *Municipal Elections Act, 1996*, prevail over anything in the Act and the regulations and all such arrangements, if made in good faith, shall not be reviewed or set aside on account of unreasonableness or supposed unreasonableness.

The Clerk's ruling on any interpretation of this document is final.

Therefore, as Clerk of the Town of Midland and Returning Officer for the 2026 Municipal and School Board Elections, I do hereby certify and approve the following procedures for conducting the 2026 Municipal and School Board Elections and also establish that the referenced forms are the forms permitted to be used during this election process.

8. Notices

1. The Clerk of the Town of Midland shall notify voters of the following election information through the use of advertisements:

 - c. the office(s) of the Council and/or School Boards;
 - d. that electors may not use voting proxies;
 - e. who is eligible to vote in the Municipal & School Board Elections; and
 - f. the location(s) and dates, and hours of operation of the Voter Assistance Centre, how persons can check to see if their name is on the Voters' List and the procedures by which their name can be added or information corrected on the Voters' List.
2. At the Clerk's discretion, notices will be published in the local newspapers and/or posted on the Town of Midland website.

The following essential notices shall be issued:

- a. Notice of Election Information;
- b. Notice of Revision of Voters' List;
- c. Notice of Nomination; and
- d. Certified Election Results.

The Clerk reserves the right to publish additional advertisements and notices as deemed appropriate.

3. Where possible, cooperative advertising may take place - costs to be approved and shared by the participating municipalities.

4. Each person on the Voters' List shall be mailed, by incentive letter mail, a sealed Voter Instruction Letter containing:
 - a. his or her Personal Identification Number (PIN), the telephone number(s) to call to cast a vote, and the designated internet address (URL) to access to cast a vote using the internet;
 - b. instructions on how to vote;
 - c. dates and hours of voting;
 - d. the location(s) and telephone number(s) of the Voter Assistance Centre;
 - e. voter eligibility criteria; and
 - f. office and candidate information.
5. All Voter Instruction Letters shall be made available in English only.

9. Voting

1. An Internet/Telephone Voting method shall be used for the 2026 Municipal and School Board Elections.
 - a. Internet/Telephone Voting:
 - i. Eligible voters shall be required to telephone a designated number or access a designated internet address and cast their vote.
 - ii. Every eligible elector shall be limited to only one vote through the use of a PIN distributed by incentive letter mail, or hand delivered as required, in a sealed and personalized Voter Instruction Letter.
 - iii. The eVoting Service Provider will allow the eligible voter to vote using a telephone or the internet.
 - iv. Following the voter's selection, the voting system response shall identify the voter's choice and provide the voter with the option of changing or confirming their vote.
 - v. The voting system shall enable the voter to decline from voting for an office(s) if he/she wishes to do so.
 - vi. Once the PIN has been used to complete all assigned races associated with the election it cannot be used again, and further

access shall not be granted to the Internet/Telephone Voting service to vote again.

b. Voting will commence on Tuesday, October 13, 2026 at 10:00 a.m.

2. Prior to the eVote activation, being on Tuesday, October 13, 2026 at 10:00 a.m., the auditor or other authorized Election Official will generate the confirmation report that contains all candidate names running for an office (through the eVoting system by secure ID and password). The report displays in real time the sum total of votes cast for each candidate running for an office. The timing of this report activity ensures that all totals for all candidates confirm zero (0) votes before the electronic election begins.

The eVote will be activated unless any of the counts associated with the candidate names do not indicate a zero total, and unless directed otherwise by an Election Official.

3. Candidates or their scrutineer may be present to verify and ensure that all totals of votes cast are at zero (0) and shall be permitted to sign a document that attests to this fact.
4. The eVoting Service Provider will make available online a list to the Clerk and any other appropriate individuals of the Town of Midland, of all Voters' List individuals who have voted during the voting period if such an event has taken place. The names of individuals who have voted will be marked as voted. A list of voters who have voted will be provided or made available to the candidates or their respective scrutineer through the Clerk's office or by electronic means by the eVoting Service Provider at the Clerk's discretion. This list shall be provided by the eVoting Service Provider in real time or as closely as possible to real time.
5. If so allowed by the Clerk, the eVoting Service Provider will make available during the course of the election, IDs and passwords for candidates and their scrutineers, who when using this authorization can connect to a Candidate module to review voters' list information previously identified by them to recognize participants in the election. This capability does not provide the candidate or their designate information on *how* a voter has voted, only if they *have* voted in the election. A voter who has voted at least one race during an election is considered a participant.
6. Candidates or their scrutineers may view this information any time after the start time of the election.
7. Where a voter is associated with multiple properties within the Town of Midland, the voter may vote only once, and the qualifying address to determine eligibility for voting shall be the place of residence of the voter. All duplication of names on the Preliminary List of Electors shall be verified by the Clerk and/or Election

Official(s), and all duplicate names of individuals shall be deleted prior to the final preparation of the Voters' List. Should a voter receive more than one Voter Instruction Letter, the voter may only vote once and must return the other document(s) to the Municipal Office. All voters that vote more than once or who improperly use the Voter Instruction Letter shall be reported to the Ontario Provincial Police for further investigation as to possible corrupt practices under the *Municipal Elections Act, 1996*.

8. Should a Voter Instruction Letter be returned to the Municipal Office unopened, the PIN status will be disabled by an Election Official in a manner that prevents the PIN from being successfully validated in the voting process. The Voter Instruction Letters will then be marked "unused" and be retained in a secure means and subsequently destroyed at the same time as all other municipal election material as provided for under Section 88(2) of the *Municipal Elections Act, 1996*.
9. Should a Voter Instruction Letter be returned to the Municipal Office that has been opened but has not been used for voting purposes, the PIN status will be disabled by an Election Official in a manner that prevents the PIN from being successfully validated in the voting process. In this circumstance, the Voter Instruction Letter shall be marked unused and be retained and destroyed as in item 8 above.
10. The Clerk and the Election Official(s) shall ensure a complete audit trail is maintained of all Voter Instruction Letters:
 - a. that were sent to voters on the Voters' List;
 - b. that were undeliverable and returned from the Post Office;
 - c. that were returned by a voter or other individual(s), either opened or unopened, but unused for voting purposes;
 - d. that were re-issued to an eligible elector; and
 - e. whose PIN on the Letters were set to a status that prevented them from being validated in the voting process.
 - f. Where an eligible voter has attempted to validate his or her PIN and they have determined that the PIN has already been used, the voter can attend the Municipal Office, bringing satisfactory identification and have an Election Official confirm that the PIN has been used by an impersonator.
 - g. Prior to authorizing the re-issuance of a new Voter Instruction Letter which contains a new PIN, the voter shall be required to respond and answer any and all questions from the Election Official. The Election Official shall document, to his or her satisfaction, questions and answers of the voter and, if deemed appropriate, the Clerk shall submit same to the Ontario Provincial Police for further investigation and prosecution.
 - h. If the Election Official believes that all questions have been answered truthfully and to his or her satisfaction, the Election Official may authorize

the provision of a new Voter Instruction Letter which contains a new PIN or, at the discretion of the Election Official, the elector will be required to make a declaration as to his or her statement and take an oath which shall be given by the Election Official. A copy of this declaration shall also be submitted to the Ontario Provincial Police should further questioning be required in order to ascertain if corrupt practices have occurred. The elector will be required to assist and cooperate in the investigation in determining the individual(s) who has fraudulently used the voter's assigned PIN.

- i. Once the voter has properly answered all questions and, if required, taken the prescribed oath, a new Voter Instruction Letter containing a new PIN can be issued.
- j. Where an eligible voter has received an incorrect Voter PIN in terms of school support association, the voter can contact the Voter Help Centre and have the proper information applied to the existing PIN. The voter may re-access the system and vote all races not yet completed.

The eligible voter shall be able to re-enter the system at any time during the election using the existing PIN or the re-categorized PIN until voting for all races has been completed.

11. New PIN(s) shall not be given out over the telephone or by mail without the expressed approval of the Clerk or designate. A Voter Instruction Letter containing a PIN shall not be given to any person at the Voter Assistance Centre unless satisfactory identification is provided and the individual has taken the required oath, if required, as administered by an Election Official.

1. A person is entitled to be an elector at the elections held in the Town of Midland if, on Voting Day, October 26, 2026, he, or she:
